Coin Story:

“Seven New Wonders of the World” is the first spherical coin minted by the Mint of Poland! Based on the beautiful hand-drawn XVII-century map created by the eminent Dutch cartographer Willem Janszoon Blaeu, this ravishing masterpiece of monetary art combines past and present in its extraordinary design and shape – the Seven New Wonders of the World are marked on the historical map with elegant crystals. This luxurious silver trinket, being the example of highest craftsmanship, enraptures with its unique concept and high-end decorations!
