Coin Story:

This premium set is composed of the 2013 China panda bullion silver coin, issued by the People's Bank of China, and a commemorative premium silver bar. The silver coin is 1 oz and the silver bar contains 2 oz of silver, all of 99.9%.

On the obverse side of the panda silver coin you see the Prayer Hall in the Temple of Heaven, whereas the reverse side depicts three loveable pandas; the obverse of the silver bar honors the 30th anniversary of the silver panda coins with a Chinese inscription and the number 30 adorned by four panda bears, and the reverse side displays the very first panda motif from 1983 against an artistically designed bamboo ornament background.
